4. Exhibitors may enter only one article in any lot.
5. An entry can be disqualified for one or more of the following reasons:
 - a. Entries that are not entered in the proper class.
 - b. Entries that do not meet Fair specifications in terms of number per entry, production procedure, or data requirements.
 - c. Entries that are not of sufficient quality to merit consideration.

Suggestions for Improving Vegetable Exhibits - Class 44

1. Select the best specimens available that are true to variety, of high quality, and free from insect bites and disease.
2. Enter the exact number of vegetables called for in the catalog.
3. Check your exhibit for uniformity. When more than one vegetable is called for, they should be of the same size and appearance.
4. Unusually large or unusually small vegetables are not always of the best quality and seldom win prizes. It is usually better to select those of medium size for exhibit, such as potatoes and tomatoes. Smoothness is an important factor in many vegetables.
5. "Dress up" your entries. Wash and trim when necessary. Remember that dirty vegetables do not win prizes.

You must pre-register by Friday, August 25th, 2017
